## ABOUT COMPANY

Welcome to CADM Technologies, where innovation meets efficiency. As a leader in CAD/CAM software, advanced Analysis Software, and top-tier Metal Cutting Fluids, we specialise in empowering businesses to optimise design, manufacturing, and operational processes. As a reseller of cutting-edge solutions, Our basket of products streamline workflows, enhance collaboration, and ensure peak performance. With a commitment to quality and customer-centric support, CADM Technologies is your go-to partner for precision and productivity in the fast-paced world of modern industry.

# MISSION & VISION

## Mission

Our mission is to empower industries with cutting-edge solutions, offering unparalleled efficiency. We are dedicated to enabling our clients to achieve precision, enhance productivity, and thrive in the ever-evolving landscape of design and manufacturing.

## Vision

We aim to empower businesses with tools that enhance efficiency and precision, becoming the go-to partner for streamlined design and manufacturing processes.

# WHY CHOOSE CADM TECHNOLOGIES?

- 1 One-Stop Shop for Design & Manufacturing Success: CADM Technologies simplifies your workflow by comprehensive offerings.
- 2 Excellent Customer Support: We provide exceptional after-sales support to ensure you get the most out of your investment.
- 3 Experienced Manpower: Our engineers and specialists have a deep understanding of industry challenges to deliver tailored solutions that meet your specific needs.
- 4 Maximise Uptime, Minimise Downtime: By implementing the right tools and strategies, we can help you achieve peak performance and keep your production lines running smoothly.
- 5 Unlock Your Full Potential: Our solutions are designed to harness your maximum potential, identifying areas for improvement and empowering you to achieve your unique business goals.

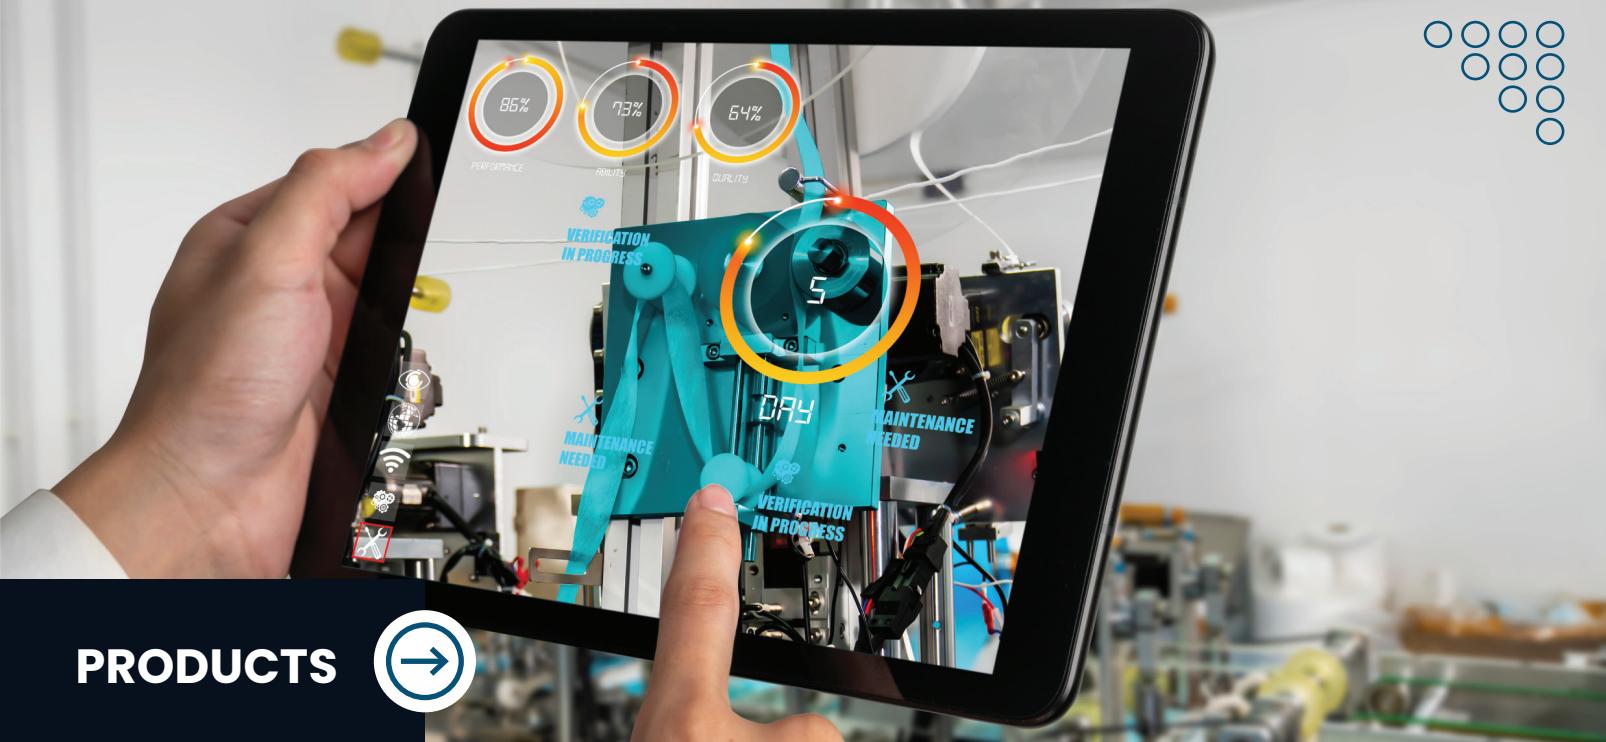

**200+**  
Happy Customers

**15+**  
Industries served

**20+**  
Years of Experience

## PRODUCTS

POWERMILL

FUSION 360

# PRODUCT DESCRIPTION

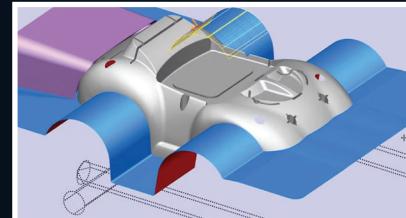

Welcome to a world where innovation meets precision. Explore our cutting-edge solutions that redefine the landscape of design and manufacturing, setting new standards in efficiency and performance.

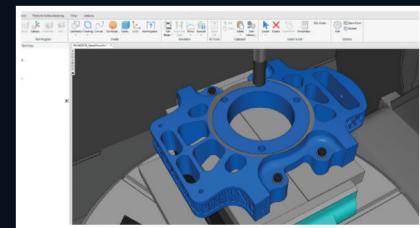

## Autodesk PowerMill

Autodesk PowerMill software facilitates 3- and 5-axis programming, simulation and verification. Get the most out of your additive, subtractive and hybrid manufacturing machines.

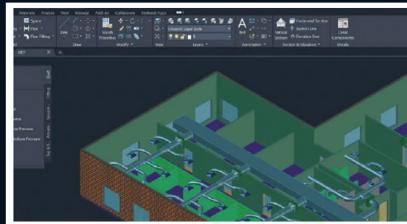

## Autodesk PowerShape

PowerShape manufacturing CAD software combines surface, solid, and mesh modeling to help engineers prepare molds, dies, and other complex parts for additive, subtractive, or hybrid manufacture.

## Autodesk FeatureCAM

Autodesk FeatureCAM is feature editing software for process optimization from design to final NC code.

## Autodesk AutoCAD

CAD-type software oriented to drawing and modeling in 2D and 3D. It allows the creation and modification of geometric models with an almost infinite capacity to develop all types of structures and objects.

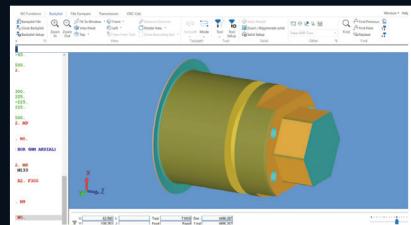

## Fuchs Petrolub

FUCHS is a global lubricant supplier offering automotive lubricants, industrial lubricants, lubricating greases, metal processing lubricants etc.

## Autodesk FUSION 360

Fusion 360 is a professional, full-scale integrated 3D modeling cloud-based CAD/CAM/CAE/PCB platform that lets you design and make anything.

## CIMCO

CIMCO is an industry leading developer of software solutions for Computer Integrated Manufacturing and Industry 4.0. Our software suite includes advanced CNC editors, simulation software, DNC communications software, Manufacturing Data Collection, and Production Data

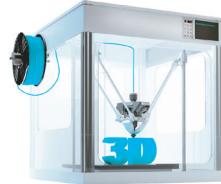

## INDUSTRIES WE CATER

At CADM Technologies, we take pride in serving a diverse array of industries, each with its unique set of challenges and opportunities. From aerospace and automotive to healthcare and beyond, our cutting-edge solutions in CAD/CAM software, Analysis Software, and Metal Cutting Fluids are designed to meet the evolving needs of modern businesses.

AEROSPACE

3D PRINTING

MEDICAL EQUIPMENT

POWER & ENERGY

AUTOMOBILE

DIE & MOULD

## OUR VALUED CLIENTS

More than just customers, our clients are partners. We forge lasting relationships built on trust, collaboration, and a shared vision of success. This page is a window into those connections, a testament to the power of our software to not only fuel business growth but also foster meaningful partnerships. See for yourself how these companies found not just a solution, but a true ally in us.

## LET'S DISCUSS YOUR NEW PROJECT

At CADM Technologies, we're committed to delivering top-notch solutions that exceed expectations. We stand dedicated to providing innovative and tailored software solutions that not only meet but exceed our clients' expectations. Your success is our priority!
